

## **The Motorcycle Challenge**

The **J&J Motorcycle Safety Course** – [www.jjmotorcyclesafety.com](http://www.jjmotorcyclesafety.com) was established in 1992, with the intent to offer rider training to anyone who wishes to enjoy the sport of motorcycling.

Motorcycling can be a challenge – not just in learning the mechanical controls, but also in establishing safe, real-world riding skills for riding here, in the Green Mountains of Vermont. The Basic Rider Course and the Experienced Rider Courses are explained in this brochure.

## **Basic Rider Course**

The **Basic Rider Course (BRC)** covers the fundamentals for developing safe and responsible motorcycle riding skills. Classroom sessions will coach ways to minimize risk as well as handle specific riding situations.

Range sessions will initially coach you on developing the basic motor skills of control including: straight-line riding, stopping, turning, and shifting. You can then move on to more advanced skills of stopping in a straight line or in a corner quickly, cornering, surmounting obstacles, slow speed maneuvering, and swerving.

Prior to entering this course, you should be able to balance a bicycle; driving a standard shift automobile can also be helpful. You must be at least 16 years of age, hold a valid Motor Vehicle Operator's License.

You do not need to ride your own motorcycle for this course as Motorcycle ARE provided. However, with prior approval you may be allowed to use your own motorcycle.

Appropriate riding gear is required for participation in the range exercises: **over-the-ankle footwear; long, sturdy pants; long-sleeved shirt or jacket; full-fingered gloves; protective eyewear; and a DOT or SNELL approved helmet.**

## **BRC Fees**

**\$260** per student (6/7 students max/course)

**\$500** per student for a Semi-Private lessons (2 students max/course)

**\$1000** Private Lesson is also offered.

Successful completion of the BRC and you may ride away with your motorcycle license. Taking the course and successful completion of the knowledge test and not the skills evaluation you may be eligible for a motorcycle permit.

## **BRC Schedule**

Classes are conducted on weekends, starting 6pm – approx 9pm. Classes continue on Saturday and Sunday from 8am to approx. 5pm. Ending times vary.

## **EXPERIENCED RIDER COURSE**

The **Experienced Rider Course Skills Practice (ERCSP)** is designed for riders who have successfully completed the BRC or possess basic operational skills. A Motorcycle Permit is required. Cost \$80.

The **Experienced Rider Course License Waiver (ERCLW)** is designed for riders who have a Motorcycle permit, are experienced, but donot yet possess a Motorcycle Operator License. Students use their own motorcycles. Successful completion of the ERCLW and you may be able to ride away with your Motorcycle License. Cost \$100.

The **Experienced Rider Course Skills Plus (ERC+)** is for riders with valid Motorcycle Operator Licenses. Students will use their own motorcycles. Cost \$100.

For all ERC courses listed above the range sessions will cover advanced skills for stopping in a straight line or in a corner quickly, cornering, surmounting obstacles, slow speed maneuvering, and swerving. Appropriate riding gear is the same as that required for the BRC.

All ERC classes are conducted either on a Saturday, or Sunday, times vary.

## **To Register**

To request an information packet, VT residents can **call 1-800-987-4461**. **Out of or In State, call 1-802-827-6681**. Please speak clearly, leaving your
